# THIS OF BEING OLD

I say thanks for being old, cause I'm gathering my thoughts  
to be able to understand what's this of being old about. To laugh a lot is a must

No complaints, they are not allowed  
I search and search in my head

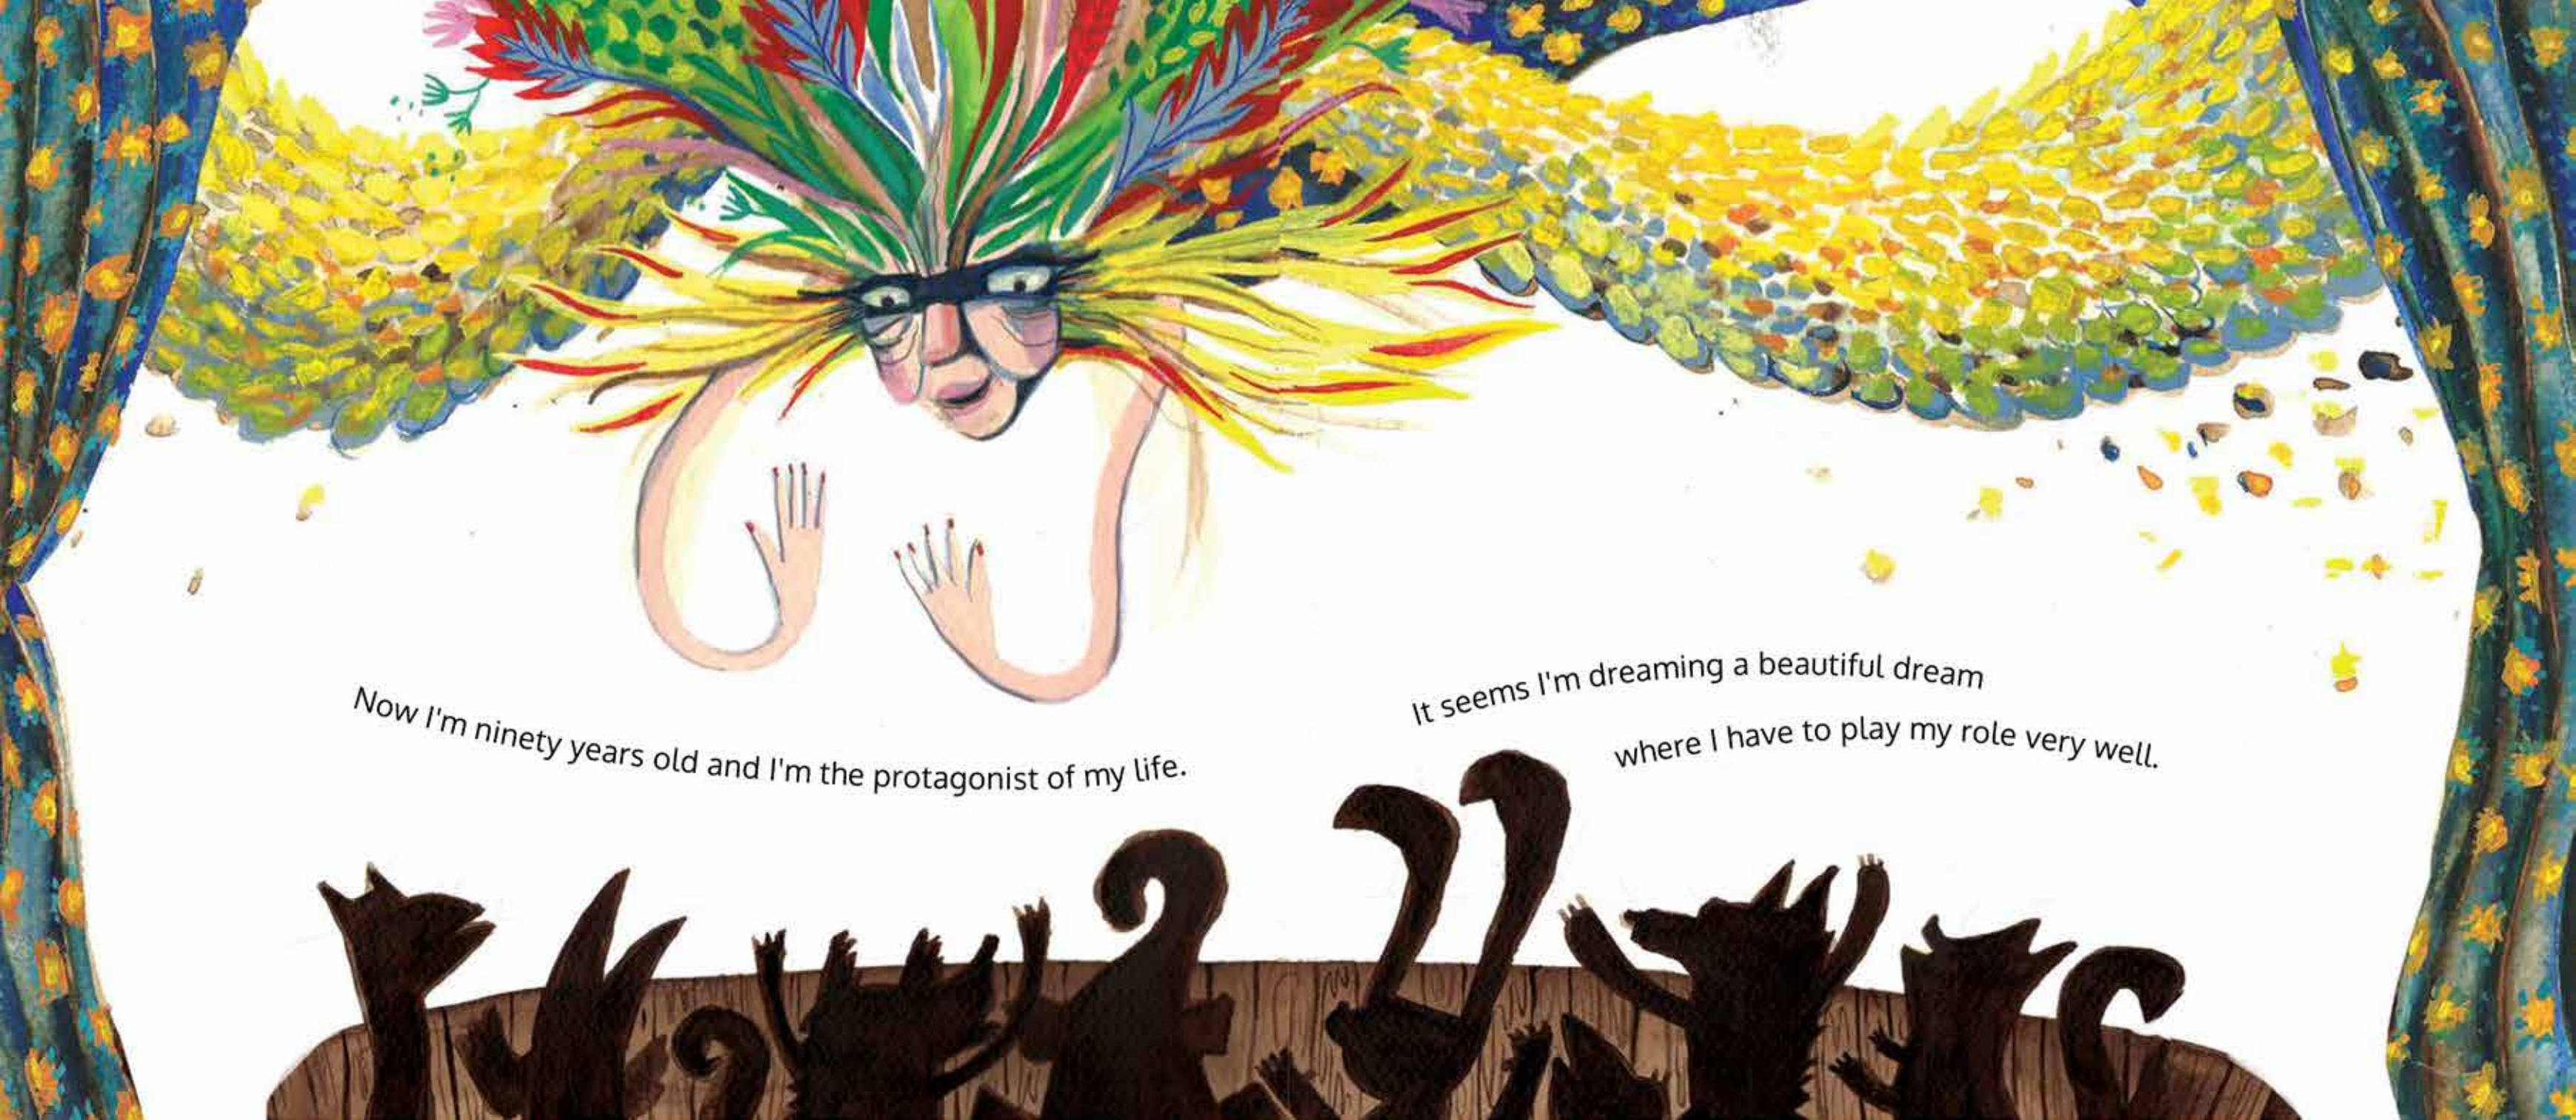

what is positive of being old

**To love myself!**  
As when  
I was a child  
It never came  
to my mind  
This moment was  
going  
to arrive.

**To look at me**  
at this point of  
my life  
And then,  
and then.

Now I'm ninety years old and I'm the protagonist of my life.

It seems I'm dreaming a beautiful dream  
where I have to play my role very well.
